

Stays Sharper Longer

Revolutionary new stainless steel alloy is super-durable to stay sharper longer – 50% longer. That means less time sharpening and less hand fatigue.

Proprietary Process

Proprietary heat treat and cryogenic processing ensure that the superior edge retention and wear characteristics of EverEdge Technology™ will last the entire life of the instrument. It's not a superficial coating – EverEdge Technology™ scalers can be sharpened again and again for your best instrument value.

Diamond Knurl

Unique diamond knurl pattern with large diameter handle for a confident grasp. Optimal weight for reduced hand fatigue.

Comfort Zone™ Cone with Signature Series® grip

The cushioned grip provides a smooth transition and increased comfort.

Finely-Honed Finish

EverEdge Technology™ Scalers feature a finely-honed finish to the instrument blade, for super sharp edges and efficient scaling.

CE

Satisfaction Guarantee:

Hu-Friedy is committed to YOU, our valued customer. If you're not satisfied, we're not satisfied. If for any reason you are unhappy with your Hu-Friedy EverEdge Instruments within the first month of usage, simply return it for a product exchange—no questions asked. No other company offers such a comprehensive guarantee.

Stays
Sharper
Longer

50%
Longer

EverEdge TechnologyTM is unlike anything you've experienced before in a scaler. We've applied state-of-the-art technology in metallurgy, heat treatment and cryogenics to create a superior stainless steel alloy for scalers and curettes that stay sharper **50% longer** than any instrument you've used.

That means less frequent sharpening, less hand fatigue, and greater comfort throughout the day.

The improved sharpness of EverEdge TechnologyTM instruments does not come from a superficial coating – the long-lasting wear is present throughout the entire instrument tip.
